

AMENDMENT

IN THE SPECIFICATION

Please delete the third paragraph on page seven in its entirety.

Please replace pages 28-31 with the attached substitute pages 28-31 *> see insert A2*
(ATTACHMENT 1A).

Please replace the last paragraph on page eight of the specification with the following re-written clean version:

Sub C3 --The number of the particle containing the specified element which synchronously emits light caused by the specified element with light caused by carbon atom, hereinafter referred to as a synchronous light emission particle, and the number of the particle containing the specified element which emits light caused by the specified element without synchronous with light emission caused by carbon atom, hereinafter referred to as a non-synchronous light emission particle, are counted. The ratio of the number of the synchronous light emission particle to the sum of the number of the synchronous and non-synchronous light emission particles is defined as the isolation ratio of the specified element in percent by number.--.
